

NORDIC NATURALS®

Essential Nutrients Kids Love

Give your children a nutritional head start with Nordic Naturals

NORDIC®
NATURALS

What are omega-3 essential fatty acids?

Essential fatty acids (EFAs) are nutrients that are considered “essential” because they are required for optimal health but cannot be produced by the body, and must be obtained from diet or supplementation. The two most important EFAs are the omega-3s EPA and DHA. EPA (eicosapentaenoic acid) and DHA (docosahexaenoic acid) are crucial building blocks of child development, playing important roles in brain and eye function, nervous and immune system support, and much more.*

Most children don't get enough.

The vast majority of children do not get enough of the omega-3s EPA and DHA because they do not consume enough cold-water fish. As a general guideline, doctors recommend purified fish oil supplements that include both EPA and DHA. In early childhood, DHA is particularly important because the brain relies heavily on this omega-3 for proper growth throughout this period of rapid development.* From approximately age four through adolescence, most children benefit from a higher ratio of EPA to DHA in order to optimize their general health.* For individual requirements, please check with your health care professional.

EPA *Omega-3*

(*Eicosapentaenoic Acid*)

- Maintains a healthy heart and circulatory system*
- Supports joint mobility*
- Promotes healthy immune function*
- Supports optimal metabolism and body composition*
- Promotes positive mood and well-being*

DHA *Omega-3*

(*Docosahexaenoic Acid*)

- Supports learning and memory*
- Supports brain, eyes, and immune system*
- Supports mood and nervous system health*
- Essential for proper brain development in infants and children*

GLA *Omega-6*

(*Gamma-Linolenic Acid*)

- Nourishes hair and skin*
- Supports healthy joints*
- Maintains optimal body-fat metabolism*
- Supports a positive mood*

Probiotic Gummies KIDS

Probiotics are commonly overlooked as needed nutrients for children. Probiotics Gummies KIDS is a synergistic formula that combines *Bacillus coagulans*, a potent probiotic that survives and thrives in the digestive tract, with prebiotic fiber. These delicious gummies provide a safe, effective, tasty way to optimize the digestive health that is critical to both childhood development and quality of life through adulthood.

to any of our
omega-3 products

For 2+ years

Vitamin D₃ Gummies KIDS

- 400 I.U. vitamin D3 (cholecalciferol) for ages 4+
- Delicious wild watermelon splash flavor
- No artificial colors, flavors, sweeteners, or preservatives
- Supports healthy bone and muscle function*
- Supports immune and nervous system health*

Vitamin D3 is critically important to healthy childhood development, and also provides a foundation for health in adulthood.* Yet, because of factors like limited sun exposure and frequent treatment with antibiotics, depleted vitamin D3 levels are common among children. Vitamin D3 Gummies KIDS is a safe, effective, tasty way to provide children with the vitamin D3 they need.

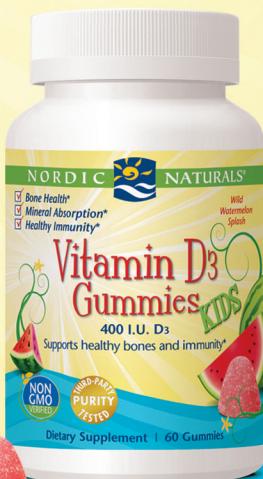

*A potent complement
to any of our
omega-3 products*

Baby's Vitamin D₃

A Drop of Sunshine

OFFICIAL
BABY'S
Vitamin D
American Pregnancy Association

Available in a 0.37-ounce dropper bottle

The American Academy of Pediatrics recommends that breast-fed, or partially breast-fed, infants receive 400 I.U. of supplemental vitamin D daily. Made with certified-organic extra virgin olive oil, **BABY'S VITAMIN D₃** offers the recommended dosage in just one drop.

- 400 I.U. vitamin D₃ in just one convenient drop
- Meets the American Academy of Pediatrics daily recommendation
- Dropper bottle for application during breast-feeding, or into food and drink
- Supports healthy immunity*
- May support normal sleep rhythms*

No coloring
or flavoring

Supplement Facts

Complete Omega-D₃TM Junior

- Balanced ratio of essential fatty acids for ages 5+
- The omega "multi," with added natural vitamin D3

COMPLETE OMEGA-D3 JUNIOR is the same tasty, balanced formula as Complete Omega™ Junior, with the added benefits of natural vitamin D3. Vitamin D3 is the natural form of vitamin D that the body makes from sunlight. This fat-soluble nutrient is better absorbed and used by the body than other forms. The balanced omega fatty acids support brain and nervous system function, while vitamin D provides further support for strong bones and healthy immunity.* All this in the same great-tasting, chewable, lemon-flavored soft gels.

THE NORDIC NATURALS ADVANTAGE

PROVEN PURITY

All our oils surpass strict international standards for purity and freshness

EXCEPTIONAL FRESHNESS

Oxygen-free, proprietary processing for exceptional freshness from boat to bottle

GREAT TASTE

Leading freshness and 100% natural flavoring ensure no fishy smell, taste, or aftertaste

TRIGLYCERIDE FORM

Superior triglyceride form for up to 70% better absorption than ethyl ester omegas¹

BACKED BY RESEARCH

A research leader in demonstrated product efficacy

RESPONSIBLE DOSING

An effective, expert-recommended daily dose of at least 500 mg EPA+DHA

SUSTAINABLE PRACTICES

100% of our fish is wild caught, sourced in line with the Norwegian fisheries management system, and processed with minimal environmental impact

THIRD-PARTY TESTED

Certified labs test our oils for heavy metals, dioxins, and PCBs to guarantee purity, freshness, and quality in every batch. Request a certificate of analysis, and compare
